

# Exhibitor Banner Stands

## Assembly Instructions for CEISBD and CEILBD

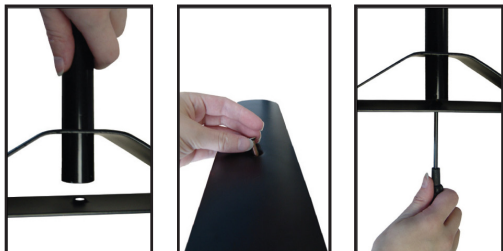

### Product Parts

- 1 – Feet (x2)
- 2 – Upright Poles (x2)
- 3 – Crossbar w/ Screws (x2)
- 4 – Handled Screw (x4)
- 5 – Small Screw (x2)

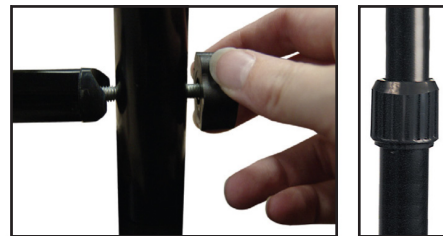

### Step 1

Take all parts out of the bag and parts bag. Place the bottom of one Upright Pole (2) - end with screw hole - into the hole in the top of a Foot (1). Insert a Small Screw (5) through the hole in the bottom of the Foot (1), and screw into the bottom of the Upright Pole (2).

### Step 3

(Best done with 2 people) Line-up the contoured ends of the Crossbars with the holes on the Upright Poles (2) and screw in the Handled Screws (4). Loosen the telescoping clamps on the Upright Poles (2) until the banner is pulled taut.

### Step 2

Loosen the telescoping clamps on the Crossbars so that each side extends about an inch beyond the full width of the banner. Slide the Crossbars through the pole pockets on the banner.
